To Whom It May Concern,

Re: Halal Certificate issuance procedure for Egypt.

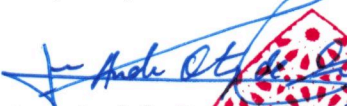

Dear Sirs,

We hereby confirm and clarify the procedure for the issuance of the Halal Certificate for Egypt.

1. All Halal Certificates must be requested in our official system via web site <https://www.iseghalal.net/login>, with authorized login and password. The Halal Certificate will be issued electronically, and the request in our system will be successfully processed only upon upload into our system, of each respective original and official International Health Certificate and International transport document, e.g. Bill of Lading for maritime shipments.
2. Following the rules and regulations of Egyptian Authorities, IS EG Halal does not provide copies of the Halal Certificate. The Halal Certificate information will be sent directly to Egypt and this procedure is in accordance with the Egyptian Health Authorities regulations.

Please do not hesitate to contact us should you have any doubts.

Very Truly Yours,

Juan Andrés Ortiz de Taranco
IS EG Halal Latin America Manager
