

Introdução ao IS-BAO BGAST

Daniel Devraignes
Acting Director, IS-BAO Program
10 JUN 2021

- What, When, and Why of IBAC
 - Non-Profit NGO founded in 1981
 - Your ICAO Representative & Advocate
 - To “Enhance the safety, acceptance and economic contribution of business aviation globally.”

Introduction to IBAC: MAs

- Business Aviation's voice at ICAO
 - Member Associations shape and relay the voice.
 - Operators are the source of that voice.
- IBAC has a voice at the SARP creation level

IF YOU COULD MAKE ANY CHANGES TO IMPROVE THE SAFETY OF YOUR OPERATIONS, WHAT WOULD THEY BE?

THE INTERNATIONAL STANDARDS FOR BUSINESS AIRCRAFT OPERATORS AND HANDLERS

WWW.IBAC.ORG

- IS-BAO launched in 2002
- IS-BAH launched in 2014

- Core from Annex 19 (SMS) and Annex 6 Part II (International General Aviation)

- Safety & international compliance assurance

- Scalable and Performance-based, minimal prescription

- International CAA recognition - IS-BAO as an AMC with some States

Chapters 1 and 2 are introductory

- Provide background to the Standard
- Provide guidance for implementing and registering

Chapters 3-15 contain the SARPs that will elevate your organization to excellence

- Chapter 3 – Safety Management Systems
- Chapter 4 – Emergency Response Plan
- Chapter 5 – Security
- Chapter 6 – Company Manuals
- Chapter 7 – Organization and Personnel Requirements
- Chapter 8 – Training and Proficiency
- Chapter 9 – Occupational Health and Safety
- Chapter 10 – Environmental Management
- Chapter 11 – Transportation of Dangerous Goods
- Chapter 12 – Fatigue Management Programme
- Chapter 13 – Flight Operations
- Chapter 14 – Aircraft Equipment Requirements
- Chapter 15 – Aircraft Maintenance Requirements

Small Operator Challenges

- Lack of time, resources and/or skill
- Misunderstanding of the IS-BAO requirements and applicability, and of SMS principles and processes
- Language (English)
- Lack of data (reduced number of flights)
- **Small Operator Initiatives**
 - **Simplified Tools and Manuals**
 - **Flightplan Stage 1**
 - **Regional initiatives (in process)**

IS-BAO Regional Initiative

June 2021

- Simplified version of the Standard to foster implementation by smaller GA operators
- Building upon IBAC's expertise and experience on the global level and the Member Association's understanding and presence in the region
- Raise the safety bar through continued education and support
- Be of value to the operator and the whole aviation community
