La diplomacia de defensa como herramienta de la diplomacia ya no debe ser una elección, pero un componente necesario en el análisis de los problemas globales y debe ser reconocido -y no temido- como un multiplicador de fuerzas de política exterior.

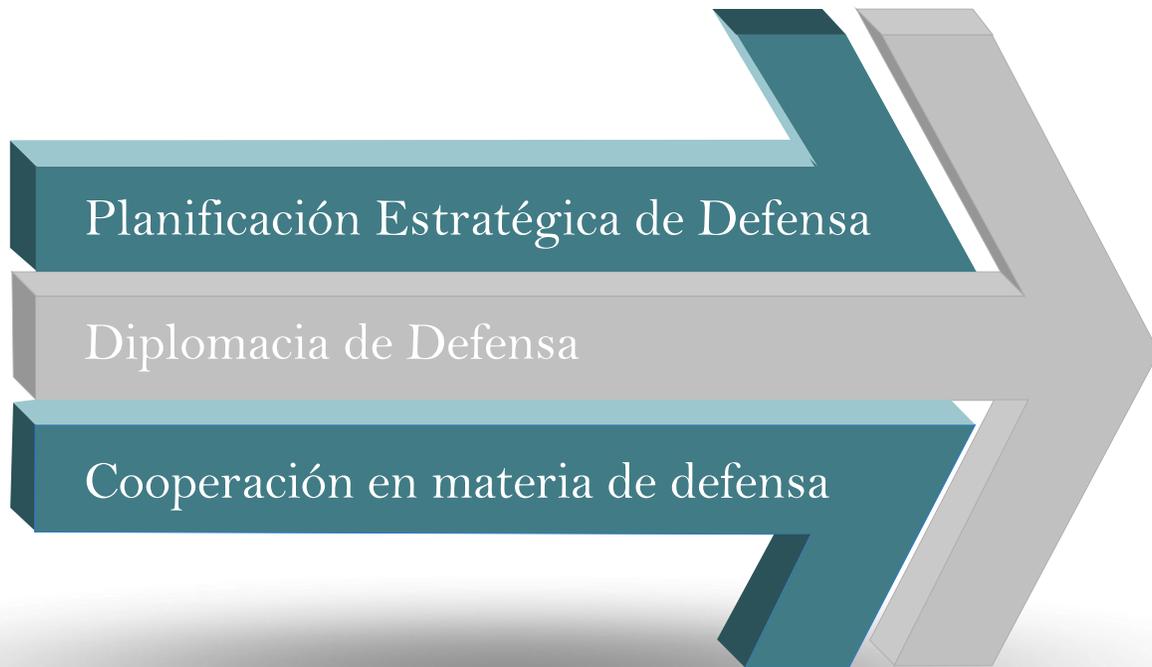

(Penedos, 2014)

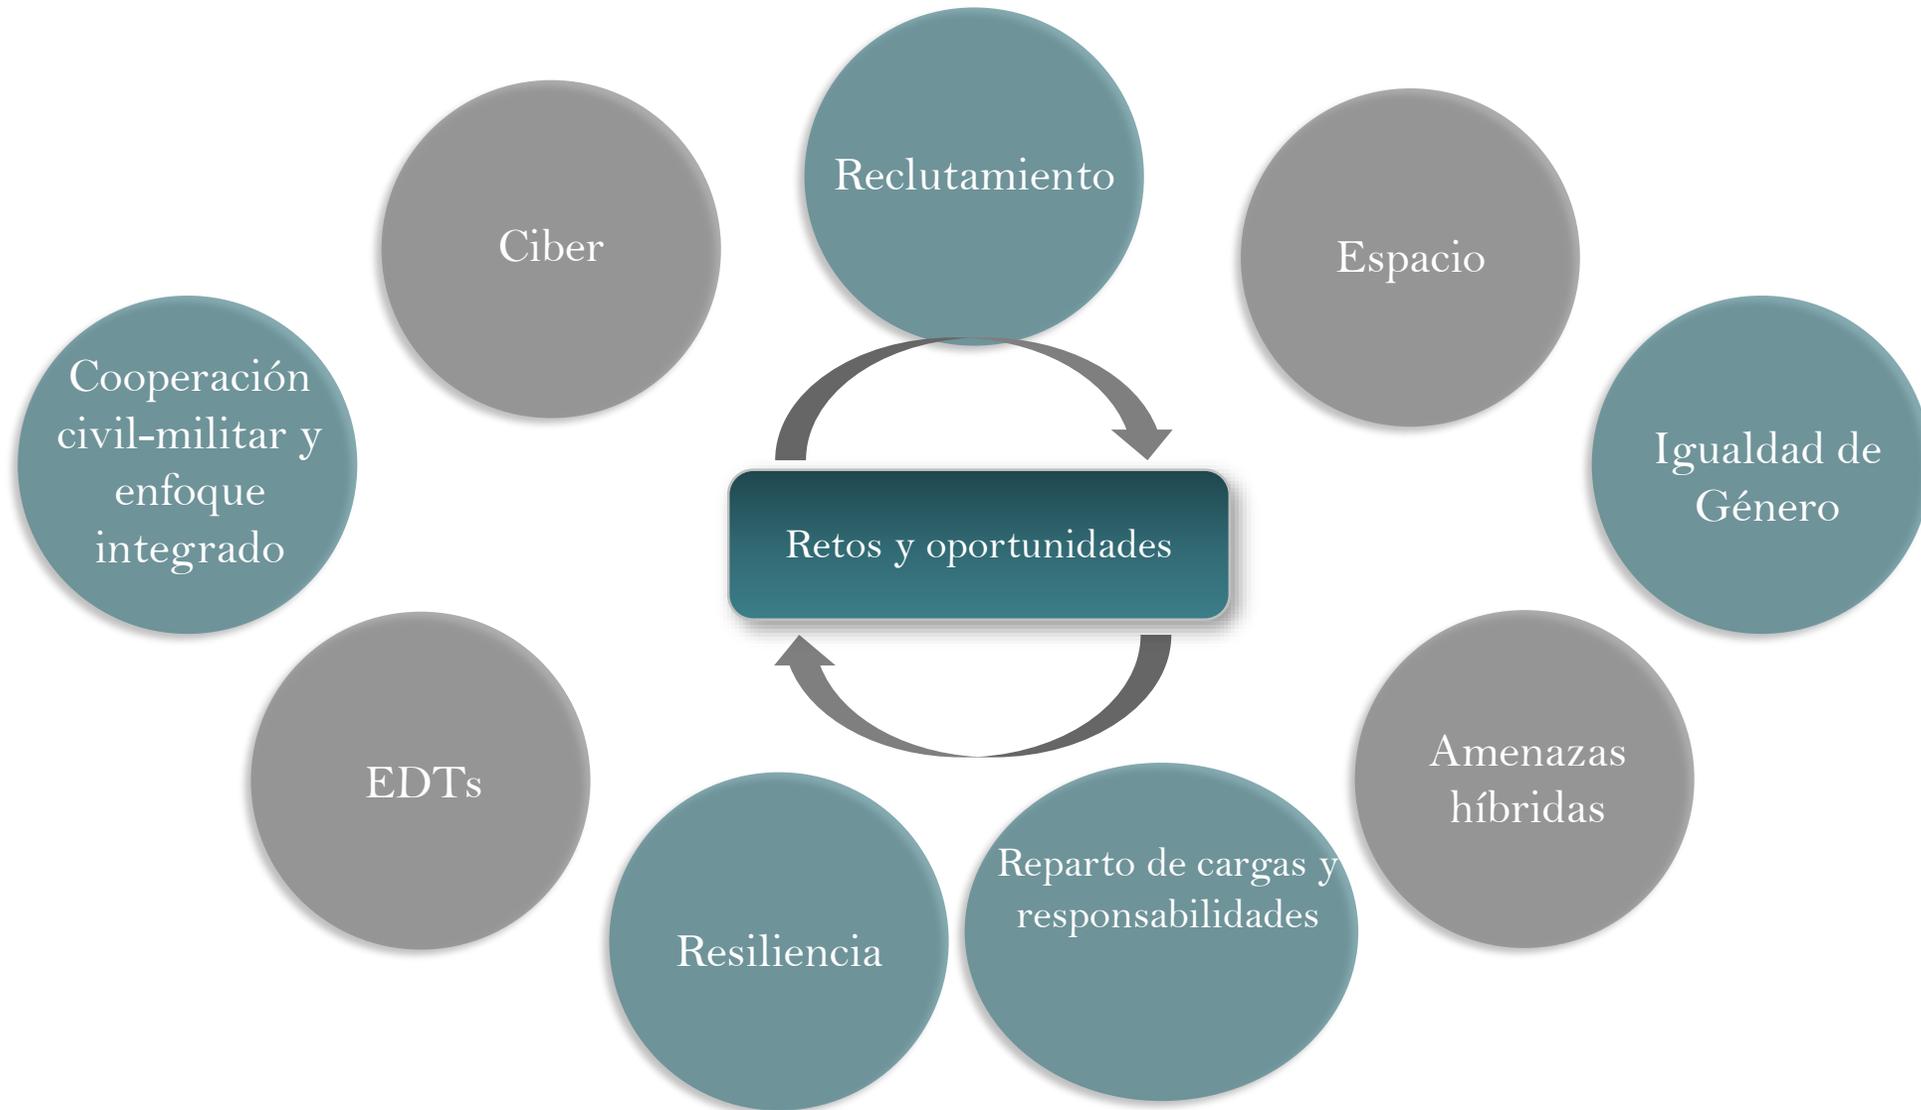

La diplomacia de defensa es una aplicación directa de *soft power*.

O Enquadramento da Política de Defesa

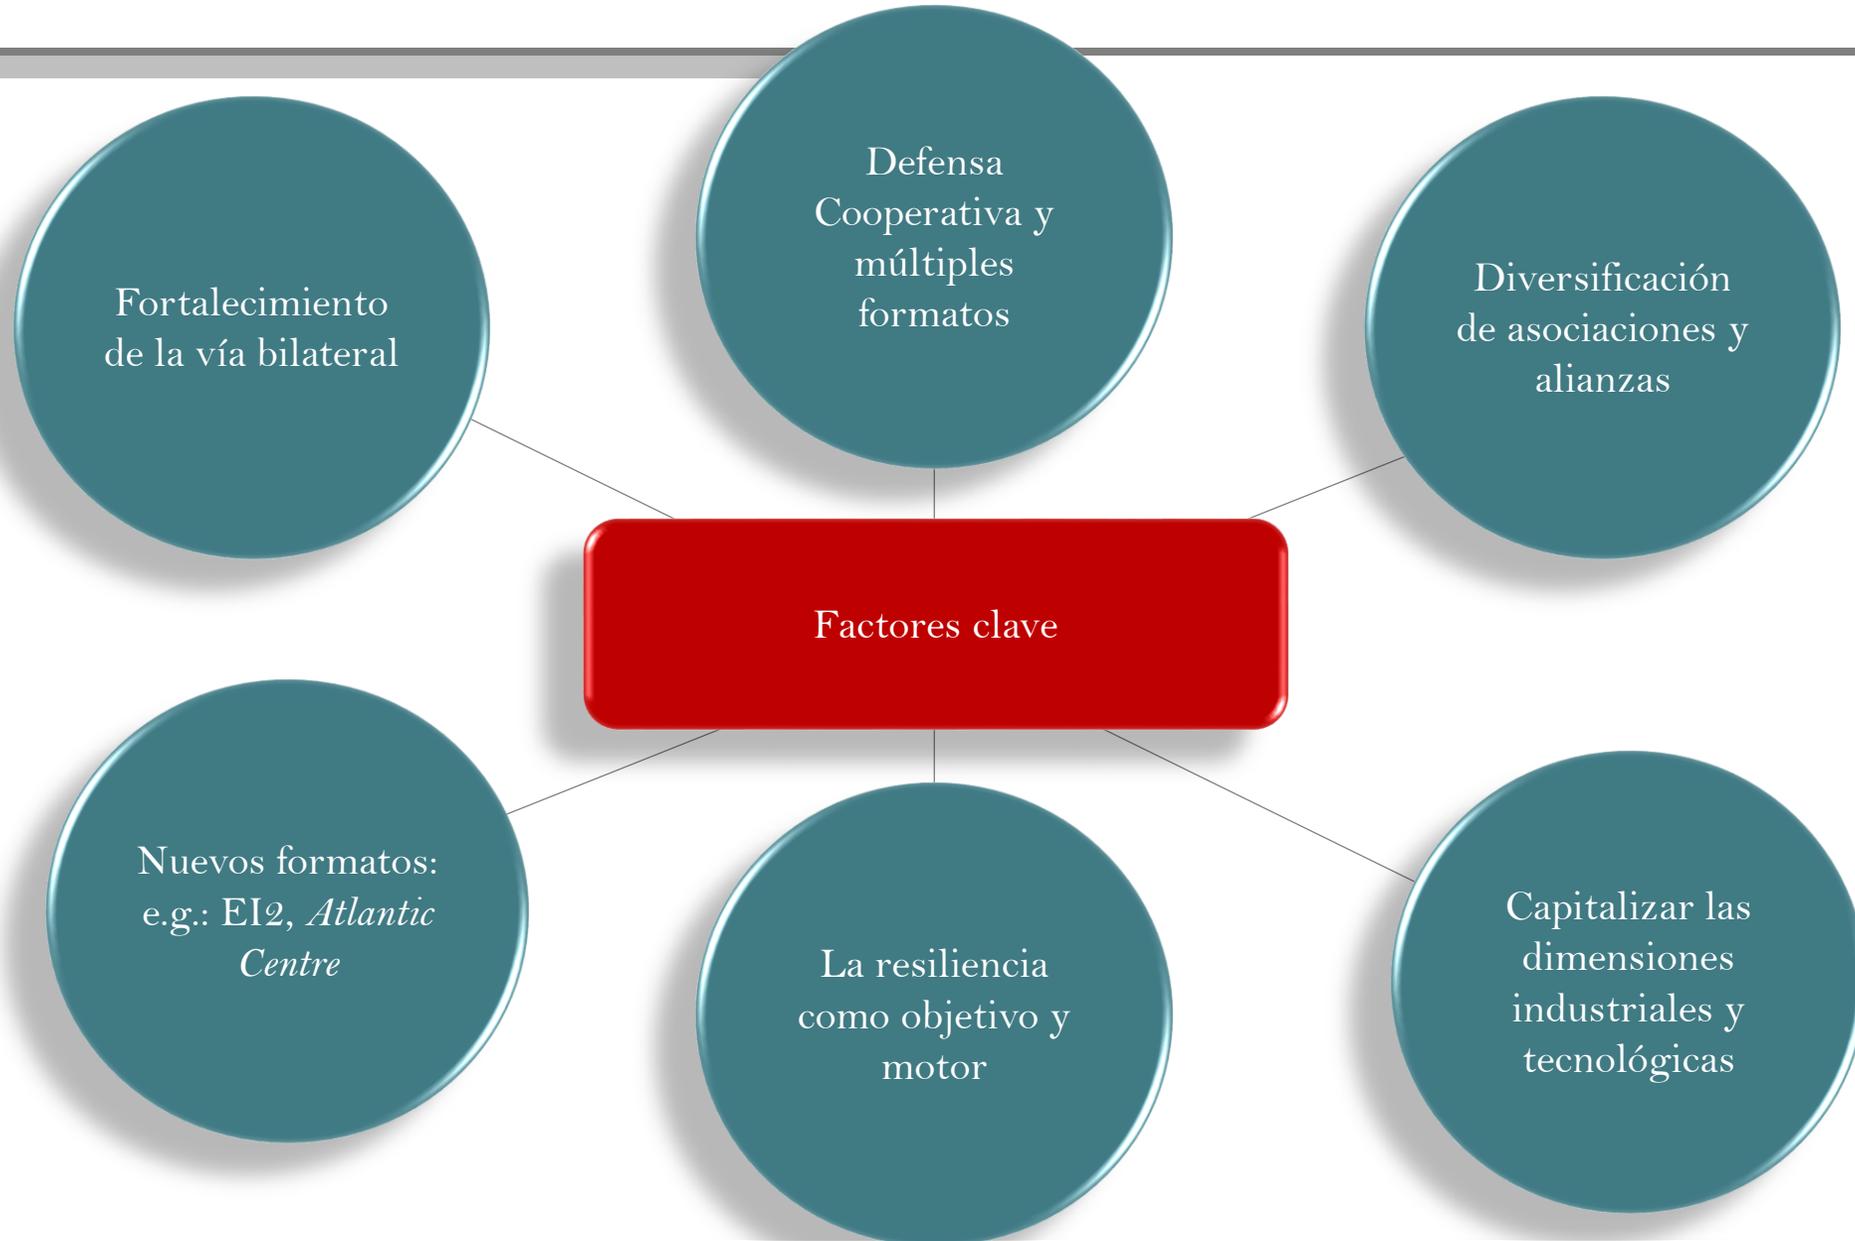

The central graphic consists of a globe with two curved arrows forming a circle. The top arrow is grey and labeled "New threats", pointing clockwise. The bottom arrow is teal and labeled "Old threats", pointing counter-clockwise. Surrounding the globe are various images: a destroyed train, a soldier in a balaclava, a swan in water, a person in a lab coat, a person at a laptop, social media icons, and a group of militants.
